Dear Ms. Reynolds:

This is in response to your letter dated August 14, 1996 referring to the ratio for the fundraising event N5. I see on page 325 where we reported the in-kind from Mr. R. C. Allen for banquet costs and we transferred 65% federal funds to the non federal account. On May 12th when I received the in-kind for this event the ratio at the time was 64% federal. Before I adjust this report and make the additional transfer to the non-federal account I have a question about this in-kind contribution. I understand why we transfer federal fund for a Corporate in-kind but this was from an individual contributor. Is this the proper way this in-kind contribution should be reported? I will appreciate your assistance. Thank you.

Sincerely,

Pat Huyck
